1115- 750 WEST BROADWAY APRIL 26, 2018

6:00 PM – 9:00 PM

Presented by

Dr. Frederick Li

THE **AURUM** GROUP® DSD

Treatment Planning & Restoring the Single Posterior Dental Implant

Dr. Frederick Li graduated from the University of Manitoba College of Dentistry. Desiring to further his dental education and experience, Dr. Li moved to New York City and completed two years of dental residency in hospital facilities associated with Cornell Medical Center and Columbia University. Dental implantology was a focal component of the post-graduate training, enabling Dr. Li to gain surgical implant experience from some of the top implant surgeons and prosthodontists in the Greater New York Region.

Dr. Li is also a graduate of the Misch Implant Institute and was awarded a fellowship by the International Congress of Oral Implantologists. A general practitioner with a large volume of surgical and prosthetic dental implants, Dr. Li is in private practice in Vancouver. As a mentor for Nobel Biocare, Dr. Li gives implant prosthetic and surgical courses. He also mentors four surgical implant study clubs.

PACE
Program Approval for
Continuing Education

Aurum Ceramic (code # 208706) is designated as an approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry. The current term of approval extends from June 1, 2011 to May 31, 2015.

CANCELLATION POLICY

A full refund will apply to cancellations with 3 or more business days notice. Less than 3 working days notice, will result in a “no” refund. Aurum Ceramic provides services that are discussed in this seminar.

DENTAL ESTHETIC ALLIANCE PROGRAM – Module 1

COURSE OBJECTIVES:

- Gain proficiency in diagnosis and treatment planning
- Master the restorative steps for a posterior dental implant
- Transform restorative decision-making and execution into a simple, easy process
- Learn how to avoid or manage complications
- Learn how to gain patient acceptance for dental implant treatment

SESSION 1:

Indications and contraindications for implants / Cement vs. screw – retained restorations / Options for replacing a missing tooth / Diagnosis & treatment planning / Finding patients & gaining treatment acceptance / Informed consent / Surgical guides / Biomechanics & occlusion for implants / Case presentations from participants / Instruction for surgical preparation

SESSION 2:

Impression techniques / Provisionalization / Hands-on restorative workshop / Patient treatment status / Basic patient communication concepts / Avoiding & managing complications / Implant maintenance / Final case presentations

For optimal learning experience, participants are strongly encouraged to bring cases for discussion during the program. Your first referral will receive a \$500 reduction in the surgery fee.

ADA CER.P® | Continuing Education
Recognition Program

AURUM CERAMIC / CLASSIC DENTAL / SPACE MAINTAINERS LABORATORIES is an ADA Cerp Recognized Provider. ADA CER.P is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education.

ADA CER.P does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Aurum Ceramic designates this activity for 6 hours of continuing education credits.
